Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Our professional staff are dedicated to achieving the best possible outcomes for our patients through hard work and excellent clinical judgement, with dignity and respect. We aim to use all resources available to us to be as fair, inclusive, and supportive as we can to our patients, as well as our staff.

Our aims are:

1. To treat our patients as we would wish our own families and friends to be treated through the care we give with respect, integrity, and confidentiality.
2. To provide a complete primary care service to our community by promoting a healthy lifestyle, enabling speedy diagnosis, and through considered, evidence-based treatment.
3. To monitor the provision of the primary care services we offer and to seek to involve patients in this process.
4. To deliver the most appropriate care to each patient based on their clinical need, whether by a nurse, doctor or other local practitioner, or by referral elsewhere.
5. To use all available resources wisely and efficiently to achieve the maximum level of care for our practice population.
6. To ensure a safe environment for the delivery of our services.
7. That our staff never to cease to learn so that we improve the services we offer and, through our role as a training practice, share that learning with others.
